Multidisciplinary designer blending artistic vision with purposeful design

EXPERIENCE

WishWeaver
Product Designer

Remote, United Kingdom
April 2025 — September 2025

Redesigned the company website with a focus on clarity, responsiveness, and brand alignment, ensuring seamless accessibility across devices.

Created a design system that established consistent visual language, reusable components, and scalable design standards for the platform.

Upgraded the overall user experience, refining customer journeys and interactions to deliver a smoother, more intuitive flow across all touchpoints.

Allawee, Inc.
Product Design Intern

Remote, Lagos
May 2024 — August 2024

Designed fully responsive new features (mobile and desktop) for Allawee. A financial tech platform based in Lagos.

Delved into a new environment designing financial platforms for consumers across the various arms of the company.

Worked closely with senior designers and engineers that led to the successful delivery of tangible output.

ELD, UNILAG
Product Designer

Remote, Lagos
January. 2023 — July 2023

Worked with a team of designers on a fully responsive website (mobile and desktop), a neo-brutalism themed website for the female students of the faculty of Engineering employing mainly illustrations with vivid colors and engaging images.

Designed with the aim of promoting inclusivity and equality and female empowerment in engineering. Developed, evolved and maintained the design system library.

Collaborated closely with engineers and educators that led to the successful delivery of tangible output.

EDUCATION

Google UX Design Certificate (Coursera)
Online

Remote, Lagos
February 2022 — June 2022
